

ABA:71610883

OB anterior

A fluorescence microscopy image showing two distinct blue fluorescent spots. The spots are roughly circular and positioned symmetrically on either side of a central vertical axis. A horizontal white line crosses the spots, and a vertical white line runs through the center of the image. The background is black. In the top left corner, the text 'ABA:71610883' is visible, and in the bottom left corner, the text 'OB anterior' is visible.
