

ABA: 71627821

Tg

A fluorescence microscopy image of a plant tissue section, likely a leaf or stem, showing a bright spot in the bottom-left quadrant. The image is divided into four quadrants by a vertical and a horizontal white line. The bright spot is located in the bottom-left quadrant, near the center of the horizontal line. The rest of the image is dark blue, indicating low fluorescence intensity. The text "ABA: 71627821" is in the top-left corner and "Tg" is in the bottom-left corner.
