

ABA:71808618

VMH

A fluorescence microscopy image of a brain section. The image is split vertically by a white line. The left side shows a bright blue, multi-lobed structure, likely the VMH (ventral medial hypothalamus). The right side shows a darker, more uniform blue structure. A white crosshair is centered on the image, with the vertical line separating the two halves and a horizontal line intersecting it. The text 'ABA:71808618' is in the top left and 'VMH' is in the bottom left.
