

ABA: 71809391

VMH

This image shows a fluorescence microscopy scan of a brain section. The image is split vertically by a white line, likely representing the midline. The left side shows a bright, localized spot of fluorescence in the ventral medial hypothalamus (VMH) region, while the right side shows a much dimmer signal. A horizontal white line is also present, intersecting the vertical one. The text 'ABA: 71809391' is in the top left, and 'VMH' is in the bottom left.
