

ABA: 72340233

CA2/CA3

An axial brain scan showing a blue-colored region of interest. The image is divided into four quadrants by a vertical and a horizontal white line. The region of interest is located in the central part of the brain, specifically in the CA2/CA3 area. The text 'ABA: 72340233' is in the top left, and 'CA2/CA3' is in the bottom left.
