

ABA:72472748

SCN

A fluorescence microscopy image of a brain section, likely from a mouse, showing the Suprachiasmatic Nucleus (SCN). The image is split vertically into two panels. The left panel shows a control or baseline state, while the right panel shows the effect of ABA treatment. The SCN is highlighted in blue, indicating the presence of a specific marker or protein. The text 'ABA:72472748' is in the top left, and 'SCN' is in the bottom left. A white crosshair is centered on the image.
