

ABA:72472785

GP

An axial brain MRI slice with a blue highlighted region in the basal ganglia. The image is divided into four quadrants by a vertical and a horizontal white line. The blue region is located in the lower half of the image, primarily in the right hemisphere (viewer's left). The text 'ABA:72472785' is in the top left, and 'GP' is in the bottom left.
