

ABA:72472800

VMH

This image shows a coronal section of a brain with blue fluorescence. The fluorescence is concentrated in the ventral medial hypothalamus (VMH) region, which is highlighted by a white rectangular box. The rest of the brain section shows very little to no fluorescence. The image is divided into four quadrants by a vertical and a horizontal white line. The text 'ABA:72472800' is in the top left, and 'VMH' is in the bottom left.
