

ABA: 73496947

CA1

This image is an axial brain scan, likely a PET or SPECT scan, showing a cross-section of the brain. The image is divided into four quadrants by a vertical and a horizontal white line. The left hemisphere (viewer's left) shows a prominent, bright yellow and red focal area of high signal intensity, indicating increased metabolic or perfusion activity. The right hemisphere (viewer's right) shows a much lower, uniform signal intensity, appearing mostly blue. The text 'ABA: 73496947' is located in the top left corner, and 'CA1' is in the bottom left corner.
