

ABA: 73512353

SCN

The image displays two coronal sections of a brain, likely from a rodent, showing the location of the suprachiasmatic nucleus (SCN). The sections are presented side-by-side, separated by a vertical white line. The SCN is highlighted in a bright blue color, indicating the presence of the ABA marker. The text 'ABA: 73512353' is located at the top left, and 'SCN' is located at the bottom left. The brain sections are set against a black background.
