

ABA:74581086

SCN

The image displays two coronal brain sections, likely from a rodent, showing the location of the suprachiasmatic nucleus (SCN). The brain sections are rendered in a solid blue color against a black background. A white crosshair is overlaid on the image, with the vertical line passing through the center of the brain sections and the horizontal line passing through the lower portion of the SCN. The text 'ABA:74581086' is located in the top left corner, and 'SCN' is located in the bottom left corner.
