

ABA: 74881744

VPM/VPL

An axial brain scan showing a blue-colored region of activation in the posterior parietal cortex, specifically in the VPM/VPL area. The image is divided into four quadrants by a vertical and a horizontal white line. The activation is most prominent in the left and right hemispheres, with a central vertical strip of lower intensity. The text 'ABA: 74881744' is located in the top left corner, and 'VPM/VPL' is in the bottom left corner.
