

ABA: 74988461

SCN

A fluorescence microscopy image of a brain section, likely from a mouse, showing the Suprachiasmatic Nucleus (SCN). The image is split vertically into two panels, showing the left and right sides of the brain. The SCN is highlighted in a bright blue color, indicating the presence of a specific marker. The text 'ABA: 74988461' is visible in the top left corner, and 'SCN' is visible in the bottom left corner. A white crosshair is overlaid on the image, with the vertical line passing through the center of the SCN and the horizontal line passing through the bottom of the image.
