

ABA: 75693192

Pir

The image displays a coronal brain scan with a color scale from blue (low activity) to red (high activity). A small, localized cluster of high activity is visible in the lower-left quadrant of the brain, near the intersection of the vertical and horizontal white grid lines. The rest of the brain is predominantly blue, indicating low activity levels. The text 'ABA: 75693192' is located at the top left, and 'Pir' is at the bottom left.
