VA/VL

An axial brain scan image showing a blue overlay on a grayscale background. The image is divided into four quadrants by a vertical and a horizontal white line. The blue area is concentrated in the central and lateral regions of the brain, with a vertical strip of blue extending from the top to the bottom in the center. The text 'ABA:75694877' is located in the top left corner, and 'VA/VL' is in the bottom left corner.
