

ABA:75774674

SN

An axial PET scan of a human brain. The image shows a cross-section of the brain with a blue signal indicating metabolic activity. The signal is most prominent in the striatum, which is located in the basal ganglia. The brain is divided into four quadrants by a vertical and a horizontal white line. The text 'ABA:75774674' is in the top left corner, and 'SN' is in the bottom left corner.
