

ABA:75826578

A posterior

The image displays a cross-sectional view of a brain, likely from a PET or SPECT scan. The brain is oriented with the posterior side at the top. A vertical white line is drawn through the center of the brain. On the left side of the image, there is a prominent vertical strip of high-intensity activity, colored in shades of yellow, green, and red, indicating a significant concentration of the tracer. The rest of the brain shows lower-intensity activity, primarily in shades of blue. The text 'ABA:75826578' is located at the top left, and 'A posterior' is at the bottom left.
