

ABA: 75826627

VPM/VPL

A brain scan image, likely a PET or SPECT scan, showing a localized area of high activity in the VPM/VPL region. The image is a grayscale representation of a brain slice, with a central area of high activity (yellow/red) surrounded by a larger area of lower activity (blue). The image is divided into four quadrants by a vertical and a horizontal white line. The text "ABA: 75826627" is located in the top left corner, and "VPM/VPL" is located in the bottom left corner.
