

ABA:75985912

OB anterior

A fluorescence microscopy image of a brain section. The image is dark with two distinct, bright blue fluorescent spots. A white crosshair is overlaid on the image, with the vertical line passing between the two spots and the horizontal line passing through the middle of them. The spots are roughly oval-shaped and appear to be located in the same plane. The text 'ABA:75985912' is in the top left, and 'OB anterior' is in the bottom left.
