

ABA: 76081936

SCN

A fluorescence microscopy image of a brain section. The image shows a central vertical structure, likely the SCN (Suprachiasmatic Nucleus), stained in a bright blue color. The surrounding brain tissue is dark, with some faint blue staining visible. A white crosshair is overlaid on the image, with the vertical line passing through the center of the blue-stained structure. The text 'ABA: 76081936' is in the top left corner, and 'SCN' is in the bottom left corner.
