

ABA: 76135655

A anterior

An axial PET scan of the brain. The image shows a cross-section of the brain with a focal area of increased uptake (red/yellow) in the left hemisphere, likely representing a lesion or tumor. The rest of the brain shows normal background uptake (blue). A vertical line is drawn through the center of the brain, and a horizontal line is drawn below the brain. The text 'ABA: 76135655' is in the top left, and 'A anterior' is in the bottom left.
