

ABA:77280313

Pn

A false-color PET scan of a brain, likely a coronal section. The image shows a central ring-like structure with high activity, indicated by yellow and red colors. The surrounding brain tissue is shown in blue and cyan. A white crosshair is overlaid on the image, with a vertical line passing through the center and a horizontal line passing through the lower part of the image. The text 'ABA:77280313' is in the top left corner, and 'Pn' is in the bottom left corner.
