

ABA:77620473

SPa ventral

The image displays two side-by-side brain scans, likely axial slices, showing areas of activation in blue. The activation is localized to the ventral region of the brain. A vertical white line is positioned between the two scans, and a horizontal white line is positioned below the scans, intersecting at the center. The text 'ABA:77620473' is located at the top left, and 'SPa ventral' is located at the bottom left.
