S0

This is an axial brain scan, likely an MRI, showing a cross-section of the brain. The image is predominantly dark blue, with a central vertical line representing the midline. A small, bright blue spot is visible in the lower right quadrant, indicating a focal area of hyperintensity. The text 'ABA:77868319' is located at the top left, and 'S0' is at the bottom left. The image is divided into four quadrants by a vertical and a horizontal white line.
